NOTES

- Only registered participants (athletes & coaches/volunteers) and 1:1 support staff (as required) are permitted on the course during play.
- A limited number of pull carts are available at the golf course. Athletes are strongly encouraged to bring their own pull carts.
- For other than mobility issues which would prevent an athlete from participating in the tournament, power carts will not be available for use by the athletes. In situations where a power cart is deemed necessary, it must be requested at the time of registration. Communities are expected to provide their own driver.
- Communities are asked to provide at least one volunteer per team (i.e., threesome) to act as a scorekeeper, assist with the location of yardage markers, and ensure safe play and pace of play. Athletes are expected to transport their own clubs.
- Because some athletes may be under the supervision of volunteers from other than their home community, communities are requested to provide pertinent medical information for athletes who have health concerns of which volunteers should be aware.
- Given that this is a Special Olympics event, participants are prohibited from smoking/vaping and/or consuming alcohol anywhere on the facility grounds.
