Provincial Spring Games Swimming

New Athletes for the 2024 Spring Games

2020 Quota = 220

2024 Quota = 235

- **2020 Returning Athletes = 180**
- **Quota available = 55**
- Each Provincial Conference Qualifier (9) will be awarded one (1) Male and one (1) Female quota. Total 18 quota.
- Remaining sport quota will be divided to proportionally represent the gender split of athletes who competed in swimming across all Provincial Conference Qualifiers.
 - I.e. if males represented 55% of the participation across the province, male quota would represent approximately 55% of the remaining sport quota allocations.
- Gender quota will be awarded to qualifying competitions based on percentage participation numbers.
 - I.e. if Conference A had 15% of the total female participation across all qualifiers, they would receive approximately 15% of the total remaining female sport quota.
- Age group quota allocation will not be implemented for the 2024 Games. Athlete identification within each conference will be based on gender and performance only.
 - *Age groups are to be used at the Provincial Qualifier for competition and awards.*
 - A random draw will be used as a tie breaker if multiple athletes are ranked with the same overall performance score.
- In order to accommodate an increase in athlete participation, the following will occur:
 - 2020 returning athletes will be required to reduce their maximum number of events to four (4) events
 - 2024 athletes will be permitted to enter a maximum of four (4) events
